

IEA Global Conference 2021

Schedule-At-A-Glance

Premium Online Experience

A new addition to the conference this year is the Discovery Track! The Discovery track (highlighted in blue below) will introduce the basic teachings of the Enneagram to new enthusiasts coming into the Enneagram community. Sessions will be led by up-and-coming Enneagram teachers whom we have paired with an IEA Mentor. The Discovery Track is a mini-conference within the IEA Global Conference.

Full conference registration includes the Discovery Track sessions. Or, if you are new to the Enneagram, you may register for just the Discovery Track at a reduced price. As a bonus, Discovery Track attendees will also be invited to attend the Global Conference Keynote and Endnote sessions.

Friday, July 16, 2021
