	Categories, Describe:				
	<i>Staff</i>				
	Number of Staff				
	Roles, Describe:				

What does the Certification signify or authorize graduates to do?

How frequently and regularly are the training modules taught and overall certification program offered?

On average, how many students participate in trainings and workshops offered by the AES per year?

Since inception, approximately how many students have completed the program and become Certified by the AES?

Has the AES or any of its core faculty ever received or been the subject of a complaint concerning a violation of the IEA's ethical guidelines or other similar professional or ethical standards of conduct? If so, please describe the nature of the complaint, process used to investigate and the resolution.

[Empty text box for complaint details]

**7. Additional Opportunities and Services**

Describe any ongoing community involvement or opportunities offered for Certified graduates or other students of the AES

[Empty text box for community involvement details]

**8. Contributions to and Participation in the Enneagram Field and IEA**

The recognition of an AES as an IEA Accredited Enneagram School with Distinction is only awarded to a very select number of organizations of the highest caliber. To receive this recognition, the AES must have achieved and maintained the highest level of excellence, integrity, longevity and positive impact in the overall Enneagram field and the IEA Community.

Provide 3-5 examples of the ways in which the AES, its founders, sponsors, core faculty and Certified graduates have participated in and added value to the Enneagram field and IEA through writing, teaching, speaking, presenting at conferences and other events and other activities:

[Empty text box for contributions and participation examples]

Provide the names of two Certified graduates who are IEA Accredited Professionals or Professional Members of the IEA willing to provide testimonials attesting to their experience with the AES and its certification program, its positive impact on them and their work, and their belief that it meets the requirements for recognition as an AES with Distinction (such graduates must complete and deliver their testimonials to the IEA in order to complete this application).
